

## **Job Opening: Cincinnati Outreach and Mobilization Associate**

School Choice Ohio ([www.schoio.org](http://www.schoio.org)) is a nonprofit organization based in Columbus that promotes the whole range of options available to families for their children's education. We advocate for parents to be able choose the right fit – public or private – and have tax money follow the student to the school of their choice.

### **Qualifications:**

If you're passionate about expanding opportunities for Ohio's young people to reach their potential, we're looking for you. We're looking for a dynamic, organized, self-directed, empowering, resourceful, passionate "people person" to help galvanize support for the right of parents to choose the best education for their children. All the better if you have legislative experience, personal experience with school choice, and/or strong relationships with community organizations or private schools.

### **The Job:**

If you are hired, you will lead the Cincinnati efforts to work with parents to build grassroots support for expanded school choice and school vouchers, work with community organizations to share information about families' school options, plan informational events, and work with private school leaders throughout the Cincinnati area. You will work with and expand our network in Cincinnati and become part of a statewide team of associates.

- 20-30 hours/week
- Flexible hours, some evening and weekend hours required
- \$16+ per hour, depending on experience
- Paid mileage
- Work from a home office (supplies provided)

### **How to apply:**

Send your resume, a description of examples that show you are the right person for the job based on the descriptors in the job description, a relevant writing sample, and the names of 2-3 professional or volunteer references for us to contact to Sarah Pechan at [spechan@schoio.org](mailto:spechan@schoio.org).
